Online Safety

Keeping children safe online can feel like a challenge, particularly with so many apps, games and social media platforms to keep up with!

Parentkind has created a fantastic Online Safety Toolkit packed with practical advice and resources to help parents and carers support their children in the digital world.

The toolkit covers everything from managing screen time and setting parental controls to cyberbullying, social media and having conversations with your child about staying safe online. There are also useful downloadable resources, including a family screen time agreement and fun online safety activities to complete together.

We really encourage all parents to take a look – even small changes at home can make a big difference to children's online safety and wellbeing.

Explore the toolkit here: <https://www.parentkind.org.uk/online-safety-toolkit>
