1. Statement of Intent

Brookdale Primary School believes that all pupils are entitled to an education that enables them to achieve their best. Brookdale aims to provide each individual pupil with the opportunities to fully develop their intellectual, social, moral, cultural and physical skills within a caring and secure environment and become confident individuals living fulfilling lives, and make a successful transition into adulthood.

This policy outlines the framework the school will use in meeting its duties, obligations and principal equality values in providing an appropriate high-quality education for pupils with SEND.

Through successful implementation of this policy, the school aims to eliminate discrimination and promote equal opportunities.

The school will work with the LA, or equivalent, in ensuring that the following principles underpin this policy:

- The involvement of pupils and their parents in decision-making.
- The early identification of pupils' needs and early intervention to support them.
- A focus on inclusive practice and removing barriers to learning.
- Collaboration between education, health and social care services to provide support.
- High-quality provision to meet the needs of pupils with SEND.
- Greater choice and control for pupils and their parents over their support.
- Successful preparation for adulthood, including independent living and employment.

Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities. For the purposes of this policy, a pupil is defined as having SEND if they have:

- A significantly greater difficulty in learning than most others of the same age.
- A disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age in mainstream settings.
- Special educational provision that is additional to or different from that made generally for other children or young people of the same age by mainstream settings.

- Setting high expectations for every pupil and aiming to teach them the full curriculum, whatever their prior attainment.
- Planning lessons to address potential areas of difficulty to ensure that there are no barriers to every pupil achieving.
- Ensuring every pupil with SEND is able to study the full national curriculum.
- Being accountable for the progress and development of the pupils in their class.
- Being aware of the needs, outcomes sought, and support provided to any pupils with SEND they are working with.
- Understanding and implementing strategies to identify and support vulnerable pupils with the support of the SENCO.
- Keeping the relevant figures of authority up-to-date with any changes in behaviour, academic developments and causes of concern. The relevant figures of authority include the headteacher.

4.5 Teaching Assistants

Each teaching assistant is responsible for:

- Carry out his/her role effectively as directed by the class teacher.
- Support children through targeted interventions including but not limited to; phonics/reading intervention, maths intervention, social and communication support, speech and language, precision teaching, PIXL therapies.
- Prepare resources necessary to ensure that effective teaching/learning can take place.
- Support the class teacher to enable effective assessments to take place.
- Attend review meetings where necessary

5. Identifying SEND

The school recognises that early identification and effective provision improves long-term outcomes for pupils. As part of the overall approach to monitoring the progress and development of all pupils, it has a clear approach to identifying and responding to SEND as outlined in the school's SEN Information Report.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress given their age and individual circumstances.

'Less than expected progress' will be characterised by progress which:

- Is significantly slower than that of their peers starting from the same baseline.
- Does not match or better the pupil's previous rate of progress.
- Fails to close the attainment gap between them and their peers.

- Widens the attainment gap.

The school plans, manages and reviews SEND provision across the following four broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

6. Our Approach to Teaching Pupils with SEND

Teachers are responsible and accountable for the progress and development of all the pupils in their class.
High quality teaching is our first step in responding to pupils who have SEND. This will be differentiated, scaffolded or personalised for individual pupils.

We will also provide the following interventions:

- Precision teaching/ PIXL therapies
- Dyslexia friendly spelling support (SOS spelling/IDL)
- Talk Boost Speech and Language programme
- Phonics
- Social Interventions
- Fine/Gross motor skills
- Handwriting (e.g Nelson scheme)
- 1:1 multisensory Reading and Spelling Support
- 1:1 multisensory Numeracy Support
- Emotional Literacy (ELSA)
- Yoga

7. Adaptations to the Curriculum and Learning Environment

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating and personalising our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

All children have an entitlement to a broad and balanced curriculum, which is differentiated to enable them to:

- understand the relevance and purpose of learning activities;
- experience levels of understanding and rates of progress that bring feelings of success and achievement.

Teachers use a range of strategies to meet children's special educational needs. Lessons have clear learning objectives; we differentiate work appropriately, and we use assessment to inform the next stage of learning.

Additional Support Plans, which employ a small-steps approach, feature significantly in the provision that we make in the school. By breaking down the existing levels of attainment into finely graded steps and outcomes, we ensure that children experience success. All children with SEN Support have an Additional Support Plan. Those children that are being monitored may also have an Additional Support Plan if the class teacher feels this would be beneficial.

We support children in a manner that acknowledges their entitlement to share the same learning experiences that their peers enjoy. Wherever possible, we do not withdraw children from the classroom. There are times, though, when to maximise learning, we ask the children to work in small groups, or in a one-to-one situation outside the classroom but for limited periods of time.

8. Additional Support for Learning

5.8 Additional support for learning

We have 12 teaching assistants who are trained to deliver interventions and support high quality teaching in the classroom.

We work with the following agencies to provide support for pupils with SEN:

- Community Paediatrician
- School nurse (0-19 Team)
- Occupational Therapist
- Physiotherapist
- Speech & Language (NHS and Private)
- Educational Psychologist
- Other Children and Young People's Services
- Family support and safeguarding
- Educational Welfare Officer (attendance)
- Vision and Hearing Support
- Outreach support from specialist schools including Gilbrook School, Orrets Meadow, Hayfield School
- Specialist support from the Autism Social Communication Team – Ana Stokes
- Social services – Early Help Team
- Child and Adolescent Mental Health Service – CAMHS
- Wired/Parent Partnership
- Autism Together
- Minority Ethnic Achievement Service (MEAS)

The SENCO will also maintain links with SENCo's from Leading Learners and meets termly to reflect on practice. The SENCo also attends termly meetings with Wirral Councils SENCo Exchange meetings.

9. Safeguarding

The school recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.
- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.

- The potential for pupils with SEND or certain medical conditions being disproportionally impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.

The headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO. Mrs Lucy Neal (SENCo) is also a deputy Designated Safeguarding Lead.

10. SEND Report

The school is aware of its statutory duty to provide a broad and balanced curriculum and recognise that high quality teaching, which is differentiated for individual pupils, is the first step in responding to pupils who have or may have SEND.

Teachers at the school will:

- Set high expectations for every pupil.
- Plan stretching work for pupils whose attainment is significantly above the expected standard.
- Plan lessons for pupils who have low levels of prior attainment or come from disadvantaged backgrounds.
- Use appropriate assessment to set targets which are deliberately ambitious.
- Plan lessons to ensure that there are no barriers to every pupil achieving.
- Be responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff.

Decisions on whether to make special educational provision for pupils will be based upon:

- Discussions between the teacher and SENCO.
- Analysis of the pupil's progress – using internal formative and summative assessments, alongside national data and expectations of progress.
- Discussion with the pupil and their parent.

Once a pupil has been identified with SEND, the school will employ a graduated approach to meeting the pupil's needs. This will be through the adoption of a four-part cycle – **assess, plan, do, review** – whereby earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. The process is as follows:

- **Assess**: establishing a clear assessment of the pupil's needs
- **Plan**: agreeing the adjustments, interventions and support to be put in place, as well as the expected impact on progress, development or behaviour, along with a clear date for review
- **Do**: implementing the agreed interventions and support
- **Review**: analysing the effectiveness of the interventions and their impact on the pupil's progress in line with the agreed review date

Where higher levels of need are identified, the school will access specialised assessments from external agencies and professionals.

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the SEN of a pupil, they have not made expected progress, the school, in consultation with parents, will consider requesting an Education, Health and Care needs assessment.

EAL

The school is aware that there may be pupils at the school for whom English is not their first language and appreciates that having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

The school will consider the pupil within the context of their home, culture and community and look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

11. Admissions

The school will ensure it meets its duties set under the DfE's 'School Admissions Code' by:

- Not refusing admission for a child thought to be potentially disruptive, or likely to exhibit challenging behaviour, on the grounds that the child is first to be assessed for SEND.
- Not refusing admission for a child that has named the school in their EHC plan.
- Considering applications from parents of children who have SEND but do not have an EHC plan.
- Not refusing admission for a child who has SEND but does not have an EHC plan because the school does not feel able to cater for those needs.
- Not refusing admission for a child who does not have an EHC plan.
- Not discriminating against or disadvantaging applicants with SEND.
- Ensuring policies relating to school uniform and trips do not discourage parents of pupils with SEND from applying for a place.
- Adopting fair practices and arrangements in accordance with the 'School Admissions Code' for the admission of children without an EHC plan.
- Ensuring the school's oversubscription arrangements will not disadvantage children with SEND.

Ensuring that tests for selection are accessible to children with SEND, with reasonable adjustments made where necessary.

Arrangements for the fair admissions of pupils with SEND are outlined in the Admissions Policy and will be published on the school website.

12. Transition

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life.

Where pupils have EHC plans, these will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

For those children who do not have an EHC plan, the SENCO will contact new schools SEND team to liaise and organise an enhanced transition where possible and to meet to discuss paperwork in place for the child e.g. Additional Support Plans.

13. Involving Pupils and Parents in Decision-Making

The school is committed to working in partnership with all parents in the best interests of their child and will provide an annual report for all parents on their child's progress.

Where a pupil is receiving SEND support, the school will regularly liaise with parents in setting outcomes and reviewing progress. The class teacher, supported by the SENCO if needed, will meet with the parents **three** times each year.

The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
- Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on parents.
- Bring together relevant professionals to discuss and agree together the overall approach.

Where the LA provides a pupil with an EHC plan, the school will involve the parents and the pupil in discussions surrounding how the school can best implement the plan's provisions to help the pupil thrive in their education, and will discern the expected impact of the provision on the pupil's progress.

Where necessary, the school will facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

14. Funding for SEND Support

Where additional pupil needs are identified the school will use its delegated funding allowance to provide early intervention support for the benefit of pupils identified with SEND.

Where pupils with SEND have been receiving early intervention support but are still not making sufficient progress, the school will consider accessing high needs top-up funding from the LA to provide additional specialist support. This may be in the form of Early Years Inclusive Practice Funding, Individual Pupil Funding (IPFA) or an Educational Health Care Plan (EHCP).

15. EHC Needs Assessment and Plans

The school recognises that, despite having taken relevant and purposeful action to identify, assess and meet the SEND of a pupil, some pupils may not make expected levels of progress. In these cases, the school will consult with parents and consider requesting an EHC needs assessment.

The purpose of an EHC plan is to make special educational provision to meet the SEND of the pupil, to secure the best possible outcomes for them across education, health and social care and prepare them for adulthood.

As part of the EHC needs assessment, the school will meet its duty by:

- Responding to any request for information as part of the EHC needs assessment process within six weeks from the date of the request, unless special exemptions apply as outlined in the SEND code of practice.

- Providing the LA with any school-specific information and evidence about the pupil's profile and educational progress.
- Gathering any advice received from relevant professionals regarding their education, health and care needs, desired outcomes, and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

If, following the assessment, the LA decides not to issue an EHC plan, the school will be provided with written feedback collected during the EHC needs. It will use this information to contribute to the graduated approach and inform how the outcomes sought for the pupil can be achieved through further special educational provision made by the school and its partners.

Where the LA decides to issue an EHC plan, it must consult the prospective school by sending a copy of the draft plan and consider their comments before deciding whether to name it in the pupil's EHC plan. The school will meet its duty to provide views on a draft EHC plan within 15 days.

The school will admit any pupil that names the school in an EHC plan and will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

16. Reviewing EHC Plans

The school will ensure that teachers monitor and review the pupil's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Lead the review of the EHC plan to create the greatest confidence amongst pupils and their parents.
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made regarding the EHC plan.
- Where possible for LAC, combine the annual review with one of the reviews in their care plan, in particular the personal education plan (PEP) element.
- Where necessary, provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged.
- Review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another.

If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary.

17. Supporting Successful Preparation for Adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early, centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Seek to understand the interests, strengths and motivations of pupils and use this as a basis for planning support around them.
- Support pupils so that they are included in social groups and develop friendships.
- Ensure that pupils with SEND engage in the activities of the school together with those who do not have SEND, and are encouraged to participate fully in the life of the school and in any wider community activity.
- Engage with secondary schools, as necessary, to help plan for any transitions.

18. Managing Complaints

The school will publish the Complaints Procedure Policy on the school website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice, regardless of whether an EHC plan is in place.

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution.
- Mediation.
- Appeals to the SEND Tribunal.

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

19. Staff Training and Improving Practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided and delivered in line with the school's CPD and Training Policy.

The school SENCO will assess staff competencies and ensure that CPD provision allows staff to develop their awareness, skills, and practices in identifying, educating, and assessing pupils with SEND.

20. Use of Data and Record Keeping

All information about pupils will be kept in accordance with the school's Records Management Policy and Data Protection Policy.

19.1 School

The school's records will:

- Record details of additional or different provision made under SEND support, with accurate information to evidence the SEND support that has been provided over the pupil's time in the school, as well as its impact, e.g. through the use of provision maps.
- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information system to monitor the progress, behaviour and development of all pupils.
- Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
- Be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable.

The school keeps data on the levels and types of need within the school and makes this available to the LA and Ofsted.

19.2 Confidentiality

The school will not disclose any EHC plan without the consent of the pupil's parents, except for specified purposes or in the interests of the pupil, such as disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children.
- To Ofsted inspection teams as part of their inspections of schools and LAs.
- To any person in connection with the pupil's application for students with disabilities allowance in advance of taking up a place in HE.
- To the headteacher (or equivalent position) of the setting at which the pupil is intending to start their next phase of education.

21. Publishing Information

The school will publish information on the school website about the implementation of this policy.

The information published will be updated **annually** and any changes to the information occurring during the year will be updated as soon as possible.

The SEN Information Report will be prepared by the governing board and will be published on the school website. It will include all the information outlined in paragraphs 6.79 and 6.83 of the 'Special educational needs and disabilities code of practice: 0 to 25 years'.

22. Joint Commissioning, Planning and Delivery

The school will work closely with local education, health and social care services to ensure pupils get the right support.

The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

The school will draw on the wide range of local data sets about the likely educational needs of pupils with SEND to forecast future needs, including:

- Population and demographic data.
- Prevalence data for different kinds of SEND among children at the national level.
- Numbers of local children with EHC plans and their main needs.
- The numbers and types of settings locally that work with or educate pupils with SEND.
- An analysis of local challenges or sources of health inequalities.

The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for pupils with SEND.
- Increasing the identification of pupils with SEND prior to school entry.

Where pupils with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

23. Local Offer

The school's governing board will collaborate with and support the LA in developing and reviewing the Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative**: Where appropriate, the school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- **Accessible**: The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised.
- **Comprehensive**: The school will help to ensure that parents and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up-to-date**: The school will work with the LA to review the Local Offer to ensure that, when parents and pupils access the Local Offer, the information is up-to-date.
