Guitar Assembly

On Tuesday, we enjoyed a guitar assembly from Dan at Create Music who taught us all about the different parts of the guitar, showed us the difference between a chord and a single note, demonstrated how to use the pedals and controls for his electric guitar and played us some tunes. He also offered a free taster lesson to all of our children in Year 2 and upwards!

Year 3 'Visit' the Stone Age

On Thursday in Year 3, Professor Jim (a local retired Geologist from Liverpool University) visited our school and brought in some wonderful rock samples for us to learn about this week. He will be returning next week with an amazing fossil collection which the university allows us to handle, so it will be a very exciting and interesting lesson!

flu 5 reasons to vaccinate your child

- 1. Protect your child.** The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia
- 2. Protect you, your family and friends.** Vaccinating your child will help protect more vulnerable family and friends.
- 3. No injection needed.** The nasal spray is painless and easy to have
- 4. It's better than having flu.** The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record
- 5. Avoid costs.** If your child gets flu, you may have to take time off work or arrange alternative childcare

What should I do?
Contact your GP if your child is aged two or three years old and you haven't heard from their GP by early November. If your child is at primary school and is eligible, the school will send you a consent form. Please sign and return it. If your child has a health condition that puts them at greater risk from flu, they are also eligible for the flu vaccine.
