Online Safety

TikTok is a free social media platform that lets users create, share and watch short videos ranging anywhere from 15 seconds to 10 minutes in duration. The app gained notoriety for its viral dances, trends and celebrity cameos and can be a creative, fun platform for teens to enjoy. Now available in 75 languages, it has more than a billion active users worldwide (as of spring 2022) and is most popular with the under-16 age bracket. In fact, a 2022 Ofcom report found TikTok to be the most-used social media platform for posting content, particularly among young people aged.

In [this guide](#), you'll find tips on avoiding potential risks such as age-inappropriate content, dangerous challenges and contact with strangers.

Year 4 Do Chester Zoo!

Year 4 enjoyed a great trip to Chester Zoo yesterday as part of their Rainforest project. The weather was (mostly) kind to them and the children's behaviour was exemplary. Many adults commented on their excellent conduct and how well they represented our school. Well done, #teamBrookdale!
