HEADTEACHER MESSAGE

At the end of another very busy and successful term, I want to thank the wonderful Brookdale community of children, staff, governors and families for all their hard work and dedication during the last few months.

Our children are a credit to us all and continue to show the values we encourage at school each day: **respect, determination, teamwork, friendship, responsibility** and **compassion**.

On behalf of myself, the staff and the Governors, I wish you a restful Easter / Spring break and look forward to welcoming the children back to school on **Monday 15th April**.

Online Safety

According to Ofcom, 69% of under-18s use a smartphone as their main method of going online. Additionally, 49% of children use them for online gaming – putting smartphones only behind consoles (59%) as the device of choice for playing games on. Most people won't require such statistical evidence, however, to acknowledge the huge importance of phones to young people.

It is important to remember however that phones give children access to a lot of information and applications that they may not be emotionally mature, or developmentally responsible, enough to manage. Therefore, it is our role as their trusted adults to ensure that children are able to use their handsets responsibly and, above all, safely. From passcodes to parental controls, and from screen time to scams, [this guide](#) has the essential advice.

Thank You!

Mr Chennell has asked me to pass on his sincere gratitude to all of our Brookdale community for the kindness and generosity shown to him on his retirement. His message to you all is, *"I have truly loved working at Brookdale and will miss you all. I can only hope that my efforts have contributed in some small way to the constant successes I have witnessed in my time with you. I am left with very happy memories of a wonderful community and wish you all the best for the future success of our wonderful school."*
