

We like our school because...

- The adults help keep us safe and support us in getting along with each other and being the best we can possibly be.
- The staff and children are kind and friendly.
- The staff deal with problems and situations we struggle with quickly and efficiently.
- The teachers make our lessons interesting, fun and creative.
- The teachers respect the children as much as the children respect them. We all respect each other.
- We work as part of a team and are all part of our Brookdale Family.

We have rules to...

- Make sure our school is a nice place for everyone to be and for visitors to come to.
- Make sure we have fun and enjoy our time in school.
- Make it easier to concentrate and focus in class.
- Help us all learn great things without any distractions.
- Keep us safe in the school building and in the playground.
- Help us get along with each other and prevent bullying.
- Help us learn to be responsible, respect each other and our school environment.

When we behave well...

- We listen to each other and respect each other's ideas and views.
- We show kindness and compassion.
- We show a growth mindset; have a go and don't give up.
- We respect other people and property.
- It shows that at our school we try to make good choices and be the best version of ourselves.

At Brookdale we believe in our school values:

Respect 

Determination 

Friendship 

Teamwork 

Compassion 

Responsibility 

When things go right...

- The staff in school notice our positive behaviour and give us praise for the choices we have made.
- We receive dojo-points. Dojo winners are recognised in their class.
- Dojo points go towards team points for a special team award at the end of the school year,
- We are rewarded with awards such as Star of the Week and Growth Mindset .
- We can obtain rewards such as: Golden Table, Ambassador Applause and Shout-outs.
- Our success is shared with Miss Ball and our special adults.
- We may get a special treat such as extra track time, extra break-time and Golden Play.

applause!

When things go wrong...

- We are given a chance to change our behaviour or make a better choice.
- We are reminded of what a better choice would be and better behaviour looks like.
- We are warned if we don't alter what we are doing then we could lose a dojo point.
- The adults in school will take time to talk with us to find out what went wrong, why and what needs to be done to help us get it right next time.
- We might need to see Miss Ball about what has happened and explain our actions.
- We might lose some privileges such as having time taken off at break time.
- Our grown-ups at home will be informed so they can help us too.

Child Friendly Behaviour and Relationships Policy
